Our Mission

The Moreton Bay Wildlife Hospital Foundation's mission is to improve outcomes for native wildlife in the City of Moreton Bay through fundraising, advocacy, research, education and establishing and ongoing operation of a dedicated native wildlife hospital.

Our Objectives

The Moreton Bay Wildlife Hospital Foundation (MBWHF) has the following objectives that drive the core activities of the charity to improve the welfare and outcomes of injured wildlife in the City of Moreton Bay.

Primary Objective

Fundraise and collaborate with government & industry to establish and ensure the ongoing operation of the Moreton Bay Wildlife Hospital.

Secondary Objectives

- Advocate for responsible, sustainable urban development in the City of Moreton Bay.
- Purchase and manage land in the City of Moreton Bay to establish wildlife corridors and rehabilitate degraded areas for native wildlife habitats.
- Collaborate with local wildlife rescue groups to establish and ensure the ongoing successful operation of the Moreton Bay Wildlife Hospital and wildlife care within the City of Moreton Bay.
- Use funds to support wildlife research and protection.
- Share the high workload of wildlife care provided by local vets and wildlife hospitals outside the City of Moreton Bay.
- Provide training opportunities for secondary and tertiary students.
- Provide opportunities for community education on the preservation of local wildlife and their native habitats.

Our Goals

Several goals have been identified to ensure that the objectives of the MBWHF are able to be achieved over the short to medium term.

Short term goals are primarily focussed on the establishment of the Moreton Bay Wildlife Hospital:

- Secure an appropriate site for the hospital.
- Build brand awareness to attract philanthropic, corporate and industry interest.
- Raise the funds to build a dedicated wildlife hospital in the City of Moreton Bay.
- Appoint a reputable operator of the Wildlife Hospital.
- Oversee the design and build of the Moreton Bay Wildlife Hospital.
- Build a network of strategic government partnerships at a local, state, and federal level.

Once the hospital has been established and is operational, subsequent goals in the medium term are focussed on continuing to fundraise to allow for ongoing operation and advocacy for wildlife in the City of Moreton Bay:

- Lobby for increased government funding for the network of SEQ wildlife hospitals.
- Pursue on-going fundraising for operational expenses through building corporate relationships, attracting philanthropic support and building an active presence across the Region.
- Establish expert advisory panels as part of the MBWHF to achieve progress on secondary objectives including land buy-back, training programs and community outreach and education.
- Identify and lobby industry in the City of Moreton Bay to contribute to the operational costs of the wildlife hospital.
- Identify grant and partnership opportunities at all levels of government and with other not-for-profit organisations.
- Develop and promote a Corporate Responsibility Recognition Program.

Our People

Board members

The Moreton Bay Wildlife Hospital Foundation has been established by a group of people from the City of Moreton Bay community, acting on an un-paid, voluntary basis. The Board Members are:

BOARD REPORT

Welcome and thank you for keeping our Community Wild!

The Moreton Bay Wildlife Hospital Foundation has been exceptionally busy this year laying the foundations for this vital community facility. A worldclass wildlife hospital that will not only benefit our local wildlife but also save countless hours of unnecessary travel for our amazing wildlife carers and rescuers, allowing money and time to be redirected back into critical items for the ongoing care of wildlife.

2023 / 2024 Summary

The Moreton Bay Wildlife Hospital Foundation has achieved the following milestones this year:

- City of Moreton Bay publicly announced at the Business Leaders Forum the allocation of the \$3 million property at 420 Old Gympie Rd, Dakabin for community lease for the hospital.
- The Foundation's board issued a Project Scope for the Wildlife Hospital Build to experienced architectural agencies to provide concept designs and initial budgets of build to support our capital funding ambitions.
- The Foundation appointed WD Architects to commission the concept plans for the hospital.
- In October 2023, the first meeting was held onsite with representative from the Foundation, WD Architects and Council representatives to develop the scope of works required for development of the block to create the first wildlife hospital for our region.
- The Foundation's board developed a Project Scope for the Pitch Deck and requested tenders from experienced digital marketing agencies to provide both a pitch deck and pitch video to support our capital fundraising ambitions.
- The board appointed Matchsticks to be the creative agency for the Foundation.
- In February 2024, the initial concept plans were sent to all senior Vets in the SEQ Wildlife Hospital network for comment and guidance regarding the proposed floor layout and workflow.
- In June 2024, the hospital concept plans were finalised with Council's input. The Foundation and Council commence the Development Application for the site, including the commissioning of bush fire reports, landscape plans, flood mapping, tree survey, traffic reports etc.

The MBWHF have also been guest speakers at several events during the year to raise our profile, and garner support:

- Rotary Club of Albany Creek
- Pine Rivers Koala Care
- Mango Hill Progress Association

The Board committee continues to advocate for responsible, fauna friendly development throughout the region and have actively engaged with several developers in the region.

Our success this year is directly linked to the hard work of our Board of Directors, with our extraordinary progress due the team's energy, commitment and consistency.

Next year, our plans include:

- Secure capital funding from State or Federal Government for the hospital
- Secure on-going operational funding from the Queensland Government
- Inclusion in the South East Queensland Hospital Wildlife Hospital Network
- Continue profile raising and fundraising activities to ensure financial sustainability for the hospital.

Our Operational Plan and Achievements

The Operational Plan for 2023-2024 was for the MBWHF to deliver on the following objectives.

Operational Plan (1-3 years)

The initial three years of the MBWHF are focussed on the raising of funds and construction and commissioning of a dedicated wildlife hospital in the City of Moreton Bay.

1. Secure Land with City of Moreton Bay Council - **Achieved**

The MBWHF secured a commitment from the City of Moreton Bay that 420 Old Gympie Rd, Dakabin will be the home of the Moreton Bay Wildlife Hospital. The Council and MBWHF are currently progressing the development application ready for lodgement.

2. Design Wildlife hospital - **Achieved**

The hospital has been designed and will be built to allow for future expansion without compromising the efficient workflow within the main triage building. In addition to the hospital building, funding will be prioritised to purchase the required equipment to fit out an operational triage room.

Special thanks to the following individuals who have assisted in the design layout

- Dr Tim Portas – RSPCA Wacol
- Dr Amber Gillett – Australia Zoo
- Dr John Hanger – EVE
- Dr Stephen Van Mil – Byron Bay Wildlife Hospital
- Matt Watman – Port Macquarie Koala Hospital

3. Raise Required funds – Capital Campaign – **in Progress**

As a newly established not-for-profit organisation in the City of Moreton Bay, MBWHF are in the process of establishing connections with key stakeholders in the region to facilitate fund-raising for the establishment of the wildlife hospital. On-going discussions are being held with the Federal Government and Opposition, as well as the Queensland Government and Opposition to ensure all sides of politics are aware of our mission and understand what is required to make this wildlife hospital a reality for Moreton Bay

4. Build Wildlife Hospital – in Progress

The City of Moreton Bay with the assistance of the MBWHF are currently undertaking the required work in preparation for lodgement of the development application and building approvals.

5. Raise Required funds – Operational Expenditure – in Progress

A continuation from objective three above, we will continue to seek innovative ways to fundraise to ensure critical funding is available for the wildlife hospital once established. Discussions are also being held regarding the expansion of the SEQ Wildlife Hospital Network to allow admission of the Moreton Bay Wildlife Hospital once it is operational, which is a source of operational funding from the Queensland Government.

TREASURER'S REPORT

Financial goals

Funding to address the operational costs of the wildlife hospital will come from a variety of sources, targeting the strategic focus of all levels of government to protect koalas and other native wildlife, as well as the industry operating in City of Moreton Bay having direct impact on native wildlife habitat. To that end, MBWHF will seek to:

- Obtain immediate inclusion in the SEQ Wildlife hospital network (with the commensurate additional funding, not reducing funding to other wildlife hospitals) to secure ongoing State Government funding.
- Secure government financial support to achieve the initial build value.
- Secure ongoing donors for operational costs by continuing to work with the City of Moreton Bay on planning scheme amendments and actively seeking out prominent developers in the region for their contribution.
- Secure ongoing contributions for operational costs by continuing to work with the Federal Government and the Department of Climate Change, Energy, the Environment and Water (DCCEEW) with changes to the EPBC Act that will allow the 10% offset for developers to be contributed to wildlife hospital and rehabilitation clinics within the locality of new developments.
- Identify local, state, federal and global grants to assist with both the operational costs but also the expansion of the wildlife hospital beyond stage 1.

Investor considerations

The MBWHF has Deductible Gift Recipient (DGR) status and registration as an Australian Charity with the Australian Tax Office. This endorsement allows all donations over \$2 received by the MBWHF to be claimed as a tax deduction by the donating individual or business if they pay tax in Australia. DGR status will make donating to the MBWHF an attractive prospect for individuals and business and will also allow the MBWHF to apply for funds from granting or philanthropic bodies which have this as a condition for funding.

Endorsement Program

The Foundation is excited to announce the upcoming launch of the WILD Corporate Responsibility Recognition Program. This initiative will feature multiple sponsorship levels, allowing partners to contribute financially or through in-kind donations. In return, sponsors will receive the WILD logo to incorporate into their marketing and sales efforts, highlighting their dedication to corporate responsibility and wildlife conservation.

HOW YOU CAN HELP

Become a Member

We would encourage all community members to become a member of the Moreton Bay Wildlife Hospital Foundation as a way of showing their support for this vital community infrastructure.

[Membership - Moreton Bay Wildlife Hospital](#)

Individuals and businesses are able to join the MBWHF as members via the payment of an annual membership fee, which shall be used to assist with administration costs of the Foundation. Annual membership fees are \$10 per individual or \$100 per business.

Make a Donation

To help protect Moreton Bay's precious wildlife and achieve our goal of establishing a wildlife hospital, we need your help. We are currently asking for donations, to building the first, dedicated Moreton Bay Wildlife Hospital. [How to Donate - Moreton Bay Wildlife Hospital](#)

Leave a Bequest

If you would like to make a gift in your Will directly to support the work of the Moreton Bay Wildlife Hospital Foundation, please email the team@moretonbaywildlifehospital.com.au for further details.

Become a Corporate Partner

If you are interested in partnership opportunities with the Moreton Bay Wildlife Hospital or want to find out how you can get involved, please don't hesitate to reach out to the team today: team@moretonbaywildlifehospital.com.au.

LOOKING TO THE FUTURE

The Foundation's Board Members are five dedicated volunteers who are determined and committed to achieving the Foundation's Objectives and will continue to knock on doors and ask for assistance to help achieve the set goals. We know that operational funding is where the real work will begin. We are looking at innovative and sustainable fundraising methods, both first of its kind but also modelling successful projects undertaken at other wildlife hospitals both in Australia and across the world.

Recognising wildlife as a collective responsibility, we are actively engaging in lobbying efforts directed towards the state government to secure increased funding for all wildlife hospitals in Queensland. Additionally, we are advocating for industries involved in urban development to demonstrate greater support for wildlife hospitals, acknowledging the crucial role these hospitals play in the conservation process.

Wildlife hospitals are of vital importance to wildlife conservation serving as a critical point of care for rescuing, rehabilitating, and releasing injured animals back into the wild. Their efforts contribute directly to saving individual lives and, in turn, help sustain entire species and local biodiversity. It is our collective responsibility to conserve wildlife to protect our rich biodiversity for future generations. Wildlife Hospitals are an essential part of a sustainable future.

Notes to the Financial Statements

Moreton Bay Wildlife Hospital Foundation Ltd For the year ended 30 June 2024

The basis of the accounting estimates used in this report is cash paid and cash received unless otherwise stated.
The company is a Public Company limited by guarantee and was formed on 12 May 2022.
The company operates in Queensland.
The company is registered by the Australian Charities and Not-For-Profits Commission (ACNC), and is exempt for Australian Income Tax purposes.
The company is not currently registered for GST.
Comparatives shown represent 30 June 2023.

Australian Charities and Not-for-profits Commission (ACNC) - charity size

ACNC classify a charity as small, medium or large, with a charity's size based on its annual revenue for the reporting period.

- **Small charities** are those with annual revenue under \$500,000
- **Medium charities** are those with annual revenue of \$500,000 or more, but under \$3 million
- **Large charities** are those with annual revenue of \$3 million or more.

For the period 1 July 2023 to 30 June 2024, Moreton Bay Wildlife Hospital Foundation Ltd would normally be deemed a medium charity per the definition.

ACNC approved a request made on 1 October 2024 (**reference number:** CAS-1462312-H9K0V9) to keep the charity's size as small for the 2024 reporting period. This means that Moreton Bay Wildlife Hospital Foundation Ltd can submit the 2024 Annual Information Statement as a small charity.

Income

Membership Fee income represents receipts in exchange for services or rights, however are intangible.

Fundraising income represents donations received and contributions from members.

As is common for organisations of this size and type, it is not practicable for the Moreton Bay Wildlife Hospital Foundation to maintain an effective system of internal control over income until their initial entry into the accounting records. Accordingly, income recorded in the financial report is limited to the amounts banked and recorded in the bank accounts of the Moreton Bay Wildlife Hospital Foundation.

Significant Contribution

Significant Contribution - During the period 1 July 2023 to 30 June 2024, Moreton Bay Wildlife Hospital Foundation Ltd received \$1,500,000.00 from Ausbuild Group Pty Ltd (ABN 35 609 450 419). This financial contribution is solely for the purpose of the development of the wildlife hospital. Ausbuild Group Pty Ltd is a corporate member of the foundation, and continues to support the Foundation in its mission to build a Wildlife Hospital for the Moreton Bay Region.

Other

The Moreton Bay Wildlife Hospital Foundation Ltd is unaware of any liability not disclosed in this financial report.

Directors Report

Moreton Bay Wildlife Hospital Foundation Ltd For the year ended 30 June 2024

Director(s):

The names of the Director(s) in office at any time during the period or since the end of the period are:

Beth Diane Rounsefell

Christine West

Ngaire Maria Stirling

Rebecca Andrea Russell

Melanie Pope

Directors receive no remuneration in their capacity as Director.

Operating Result

The company returned a surplus of \$1,501,772.75 for the period ending 30 June 2024.

BOARD REPORT

Welcome and thank you for keeping our Community Wild!

The Moreton Bay Wildlife Hospital Foundation has been exceptionally busy this year with laying the foundations for this imperative community facility. A worldclass wildlife hospital that will not only benefit our local wildlife but also save countless hours of unnecessary travel for our amazing wildlife carers and rescuers. Money and time saved will be redirected back into critical items for the ongoing care of wildlife.

2023 / 2024 Summary

The Moreton Bay Wildlife Hospital Foundation has achieved the following milestones this year -

- City of Moreton Bay publicly announce at the Business Leaders Forum the allocation of the \$3 million property at 420 Old Gympie Rd, Dakabin.
- The Foundation's board develop a Project Scope for the Wildlife Hospital Build and request tenders from experienced architectural agencies to provide concept designs and initial budgets of build to support our capital funding ambitions.
- The Foundation appoint WD Architects to develop the concept plans for the hospital
- October 2023 first meeting onsite with representative from the Foundation, WD Architects and Council representatives to develop the scope of works required for development of the block to create the first wildlife hospital for our region.
- The Foundation's board develop a project scope for the Pitch Deck and request tenders from experienced digital marketing agencies to provide both a pitch deck and pitch video to support our capital funding ambitions.
- The board appoints Matchsticks to be the creative agency for the Foundation.
- February 2024 – initial concept plans sent to all senior Vets in the SEQ Wildlife Hospital network for comment and guidance re floor layout and workflow.
- The Foundation creates and videos experts and volunteers in Wildlife care and treatment to formulate our Pitch video.
- June 2024 – Concept plans are finalised with Councils input. The Foundation and council commence the Development Application for the site. This includes bush fire reports, landscape plans, flood mapping, tree survey, traffic reports etc.

The Foundation have also been the Guest Speakers at several events to ensure we are spreading the word to garner support and potential funding.

- Rotary Club of Albany Creek
- Pine Rivers Koala Care

Moreton Bay Wildlife Hospital Foundation.

An Australian Public Company | ABN 20 659 367 450

These notes should be read in conjunction with the attached compilation report.

- **Mango Hill Progress Association**

The Board committee continues to advocate for responsible and fauna friendly development throughout the region and have actively been engaged and are working with several developers in the region.

Our success this year is directly linked to the hard work of our committee. The extraordinary progress is due to the teams energy, commitment and consistency.

Next year, our plans include:

- Secure capital funding from Federal Government for Build
- Secure operational funding from Queensland Government – currently in pitch meetings with both sides of State Government in the lead up to the State Election to ensure operational funding is secured.
- Inclusion in the South-East Queensland Hospital Wildlife Hospital Network
- Fundraise to raise the required capital.

TREASURER'S REPORT

The Board committee have set the following financial goals for the Foundation.

Financial goals

Funding to address the operational costs of the wildlife hospital will come from a variety of sources, targeting the strategic focus of all levels of government to protect koalas and other native wildlife, as well as the industry operating in City of Moreton Bay having direct impact on native wildlife habitat. To that end, MBWHF will seek to:

- Obtain immediate inclusion in the SEQ Wildlife hospital network (with the commensurate additional funding, not reducing funding to other wildlife hospitals) to secure ongoing State Government funding.
- Secure Federal government financial support to achieve the initial build value through the grant process announced in 2021 - Koala Conservation & Protection.
- Secure ongoing donors for operational costs by continuing to work with COB on planning scheme amendments and actively seeking out prominent developers in the region for their contribution.
- Secure ongoing contributions for operational costs by continuing to work with the Federal Government and the Department of Climate Change, Energy, the Environment and Water (DCCEEW) with changes to the EPBC Act that will allow the 10% offset for developers to be contributed to wildlife hospital and rehabilitation clinics within the locality of new developments.
- Identify local, state, federal and global grants to assist with both the operational costs but also the expansion of the wildlife hospital beyond stage 1.

LOOKING TO THE FUTURE

The Foundation's Board Members are dedicated volunteers who are determined and committed to achieving the Foundations Objectives and will continue to knock on doors and ask for assistance to help achieve the set goals. We know that operational funding is where the real work will begin. We are looking at innovative and sustainable fundraising methods, both first of its kind but also modelling successful projects undertaken at other wildlife hospitals both in Australia and across the world. Recognising wildlife as a collective responsibility we are actively engaging in lobbying efforts directed towards the state government to secure increased funding for all wildlife hospitals in Queensland. Additionally, we are advocating for industries involved in urban development to demonstrate greater support for wildlife hospitals, acknowledging the crucial role these hospitals play in the conservation process.

Wildlife hospitals are of vital importance to wildlife conservation serving as a critical point of care for rescuing, rehabilitating, and releasing injured animals back into the wild. Their efforts contribute directly to saving individual lives and, in turn, help sustain entire species and local biodiversity. It is our collective responsibility to conserve wildlife to protect our rich biodiversity for future generations. Wildlife Hospitals are an essential part of a sustainable future.

Principal Activities and Significant Changes

The principal activity of the company during the period was monitoring the progress through preventing or relieving the suffering of animals and advancing the natural environment around the Moreton Bay Regional Council areas.

There were no significant changes in the company's activities or state of affairs during the period.

After Balance Date Events

No material matters or circumstances have arisen since 30 June 2024 which significantly affected or may significantly affect, the operations of the company, the results of those operations or the state of affairs of the company in future financial periods.

Environmental Issues

The company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth, or State.

Audit

Under the ACNC threshold rules, the company is required to have an audit or audit review for the period ending 30 June 2024. The company has engaged Tangram Advisory Pty Ltd to perform that review.

The responsible persons declare that in the responsible person's opinion:

(a) the financial statements and notes present a true and fair view of the financial position of Moreton Bay Wildlife Hospital Foundation Ltd as of 30 June 2024 and its performance for the year ended on that date; and

(b) there are no reasonable grounds to believe that the company is not able to pay all of its debts, as and when they become due and payable.

Independent Audit Report

Moreton Bay Wildlife Hospital Foundation Ltd For the year ended 30 June 2024

Scope

On the basis of the information provided by the directors of the Moreton Bay Wildlife Hospital Foundation Limited, these financial statements have been compiled with APES 315 "Compilation of Financial Information", the special purpose financial report of the company for the year ended 30 June 2024. The accompanying special purpose financial statements of the Moreton Bay Wildlife Hospital Foundation Limited, which comprises the Balance Sheet and the Profit and Loss Statement for the year ended 30 June and a summary of significant accounting policies and other explanatory notes. The specific purpose for which the financial statements have been prepared is to report back to its Directors.

The Responsibility of Directors

The Directors of the Moreton Bay Wildlife Hospital Foundation Limited are solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet their needs and for the purpose that the financial statements were prepared.

Our Responsibility

We have reviewed the accounting records and the financial statements to ensure that they accurately report the transactions for the company covering the year ending 30 June 2024. We have complied with the relevant ethical requirements of APES 110 Code of Ethics for Professional Accountants.

Review of Accounts

We have completed our review of the Moreton Bay Wildlife Hospital Foundation Limited financial report for the year ended 30 June 2024 in accordance with the professional standards.

Our review has been designed to obtain reasonable assurance that the financial report is free of material misstatement. It is not designed to identify matters that may be of interest to management in discharging its responsibilities. Absolute assurance is not possible due to the inherent limitations of a review resulting in the unavoidable risk that some material misstatements may not be detected. In saying that we believe the accounts do show a true reflection of the statement of Affairs of the Moreton Bay Wildlife Hospital Foundation Limited.

Assurance Disclaimer

Since the review of compilation engagement is not an assurance engagement, we are not required to verify the reliability, accuracy or completeness of the information provided to us by management. Accordingly, we do not express an audit opinion on these financial statements. The special purpose financial statements were compiled expressly for the benefit of the Directors who are responsible for the reliability, accuracy and completeness of the information used to compile them. We do not accept responsibility for the contents of the special purpose financial statements.

Independence

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements.
